Good News,

It appears that only 1 site re-assigned a number from a disqualified subject. This subject is 29-037. They have entered the new subject into the CRF database.

The other 14 subjects disqualified have been entered in the CRF database. I don't know if it is too late to cancel the CCLS tests. I think at the end of the study the CRF database can delete the disqualified subjects unless you want the information.

The following subjects were disqualified and their number was not re-assigned:

01-015
01-030
04-080
05-047
05-070
07-036
17-003
18-034
18-035
29-057
32-043
33-060
35-029
35-052

Jill, can you check on stopping the analysis of the subjects?

Mary
